Alias _____

To qualify with the WFPG you will need to have 90% of your shots be under .370. To achieve this goal, your speed average should be between .340 to .350 and faster. Your hit average needs to be 38% and higher as well. You may qualify with your time, but not qualify with a poor hit ratio. You must qualify in a match format with a minimum of 10 rounds to get the experience of stress during a competition. We all need to maintain these requirements so that we can have the best possible competitive matches anywhere in fastdraw. The host of the qualifying match will email all score sheets and this qualifying form to Marshal Cooper, Kid Curry and Kodiak for evaluation.

Shooters that have score sheets from any other thumbing fastdraw matches that show they meet the requirements can email them to be reviewed for validation and acceptance into the WFPG.

This section to be completed by the qualifying host:

Did shooter hit 90% or better under .370 total # of hits under .370 ÷ total # of hits = %	Yes/No -----%
Hit ratio 38% or better total # of hits ÷ total # of shots fired = %	Yes/No -----%
# of rounds completed
